

## *Village Wanderings, Set 2—Shops*

Workshop by Through the Needle's Eye: Kara Mason and Teri Young  
Baltimore on the Prairie 2021  
Supply List

Who can resist shopping in these picturesque little shops in the second installment of our *Village Wanderings* series—*Purveyors*. Four delightful stores are filled with embroidered window boxes, fruits and vegetables, and even a wedding cake! Like the houses, each shop is framed with embroidered ribbon swags. We will learn how to construct each store in class, along with all the embroidery stitches needed to create your own set of shops! (Shops will be taught in wool but can be done in cotton.)  
Ribbon, embroidery threads, and optional full kits will be available for sale.  
Design area of each is 8"x10".

### **Materials Needed:**
